

STEM

Science Technology Engineering & Mathematics

STEM focused curriculum is embedded in all college tech prep programs. A successful graduate is not only a problem solver, innovator and logical thinker, but is able to enter college-level career pathways without the need for remediation.

STEM Tech Prep graduates are learning 21st century skills to compete in the global workforce.

Ohio's future prosperity depends on how well we educate our youth.

STEM educated Tech Prep students are in Ohio's pipeline as skilled, knowledgeable and ethical citizens ready to succeed in life.
